HYDROBIOLOGICAL JOURNAL

VOLUME 26

CONTENTS FOR 1990

Number 1

V.Ye. Zaika and N.G. Sergeyeva: Morphology and Development of *Mnemiopsis mccradyi* (Ctenophora, Lobata) in the Black Sea 1
A.F. Pushkin: New Species in the Genus *Pseudopallene* (Pycnogonida, Callipallenidae) from Antarctica 7
Yu.G. Aleyev: Topoecological Categories and Ecomorphs of Aquatic Organisms 10
L.R. Izmest'yeva, O.M. Kozhova, and N.B. Usenko: The Dynamics of Chlorophyll-a in Seston of Irkutsk Reservoir 15
T.V. Golovko and G.A. Zhdanova: Aspects of Bacterial Nutrition of Certain Planktonic Crustaceans in Kiev Reservoir 22
S.L. Belova: Analysis of Taxonomic Similarity of Ciliophora in the Mozhaysk, Vazuza, and Yauza Reservoir 28
G.M. Shvetsova and F.G. Shvetsov: Production of *Mysis mixta* in the Eastern and Southwestern Parts of the Baltic Sea 33
V.G. Prokhorov and M.Yu. Saburin: The Endemic Mollusk *Nodularia vladivostokensis* of the Southern Maritime Kray 40
S.I. Kosheleva: Some Ecological Aspects of the Use of Cooling Ponds of Fossil-Fuel and Nuclear Power Stations for Fish-Raising: A Survey 42
L.P. Pavlovskaya and V.B. Sal'nikov: Formation and Development of Fish Populations in Desiccating Basins: The Case of Lake Sarykamysh 52
F.S. Zambriborshch and Framudu Dumbuya: Composition, Relative Abundance, and Distribution of Juvenile Fishes in the Dniester Lagoon 60
I.V. Chernysheva: Effect of Pollution on the Benthic Fauna of the Lower Don ... 65
A.A. Koval'chuk and Yu.N. Volikov: Respiration of Chironomid Larvae at Low Temperatures and at Various Dissolved Oxygen Concentrations 71
V.Ye. Kokova, V.A. Barashkov, and I.N. Trubachev: Free Amino Acids of Certain Aquatic Invertebrates 77
V.G. Kotenko and V.A. Nadtochiy: Chemical Composition and Caloric Content of Benthos of the West Kamchatka Shelf 80
Ye.A. Zilov and D.I. Stom: Model Experiments in Aquatic Toxicoecology 83
V.P. Kapkov and O.A. Trishna: Concentrations of Polyvalent Metals in Commercial Macrophytes of the White Sea 88
Ye.P. Nakhshina and V.N. Belokon': Forms of Occurrence of Heavy Metals in Bottom Sediments of the Dnieper Reservoirs. I. Manganese 93
V.S. Savenko: Nitrogen in the Surface Microlayer of Mozhaysk Reservoir 99
A.P. Sadchikov and O.A. Frenkel': Secretion of Dissolved Organic Matter by Living Phytoplankton: Aspects of Methodology 102
V.I. Mal'tsev: Use of a Functional Abundance Index for Structural Study of Zoocoenoses 105

N.G. Tkachuk and N.S. Ruban: Effectiveness of Various Concentrations of Dry Nutrient Agar for Cultivating Heterotrophic River Microorganisms 107
O. Mamedniyazov: A Realistic Approach to Overgrowth of Water Bodies in Turkmenia 111

Number 2

I.A. Lapin and I.A. Yedigarova: A Review of Interaction of Exometabolites from Aquatic Organisms with Heavy Metal Ions 1
L.V. Vorob'yeva and I.I. Kulakova: Composition and Distribution of Nematoda and Harpacticoid Copepoda in the Sea of Azov 11
S.Yu. Gagayev: Growth and Production of Common Species of Polychaetes in Chaun Bay of the East Siberian Sea 17
A.Yu. Gukov: Zoobenthos of Thermokarst Lakes in the Flood Plain Parts of the Lena River Delta 23
S.A. Afanas'yev, A.V. Siderskiy, and A.V. Shatokhina: Fouling in the Intake Channel of a Nuclear Power Station as a Biological Nuisance 27
G.V. Parchuk: Evaluation of the Saprobicity of the Soviet Section of the Danube from Indicator Species of Zooplankton 32
A.N. Bobkova: Seasonal Variations in the Structure and Biochemical Composition of Microperiphyton 37
I.V. Dovgal': Effect of Flow Velocity on Colonization of Glass Plates by Suctors (Ciliophora, Suctoria) 42
P.D. Klochenko, M.B. Terenina, I.L. Zhuravlev, and R.V. Golovnya: Generation of Volatile Nitrogen Bases by the Decomposition of Certain Blue-Green and Green Algae 46
I.V. Trenkler and T.B. Semenkova: Hormonal Regulation of Fish Growth in Aquaculture 54
L.A. Georga-Kopulos and S.V. Alemov: Participation of Polychaetes in Transformation of Oil Resins in Marine Bottom Sediments 65
I.V. Grib and F.Ya. Komarovskiy: Expert Evaluation of Toxic Pollution of Freshwater Ecosystems 71
D.P. Marchyulenene: Effect of Complexing Agents and Temperature on the Concentration of Radionuclides by Freshwater Vegetation 77
N.A. Shebunina: Identification of Indicator Species for Pollution of Aquatic Ecosystems by Organochlorine Pesticides 81
Y.I. Bass and P.V. Sipchenko: Influxes of Allochthonous Suspended Organic Matter and Nutrients into Dnieper Reservoirs 86
V.N. Belokon' and Ye.P. Nakhshina: Forms of Occurrence of Heavy Metals in the Bottom Sediments of the Dnieper Reservoirs. II. Cadmium and Lead 91
Ye.A. Vaganov, L.A. Sirenko, Ye.N. Zavoruyeva, and T.I. Mitkovskaya: Automated Morphometric Analysis of the Growth of the Green Filamentous Alga *Chlorella fracta* 97
S.A. Ostroumov, Ye.V. Borisova, L.I. Lenova, and V.N. Maksimov: Effect of Sulfonol on a Culture of *Dunaliella asymmetrica* and on Shoots of *Fagopyrum esculentum* 103
L.I. Biserova: Frequency and Distribution of *Lithoglyphus naticoides* (Gastropoda, Lithoglyphidae) in the Volga Delta 106

Number 3

P.P. Makarov, V.V. Maslennikov, and Ye.V. Solyankin: Hydrologic Characteristics of Antarctic Waters as Related to their Productivity 1
N.V. Mordasova: Investigations of Chlorophyll in the Southwestern Atlantic Ocean 13
D.Ye. Gershanovich, A.S. Grechina, A.N. Kuznetsov, and A.T. Mandych: Oceanological Anomalies in the Eastern Pacific during the 1970s and 1980s 24
O.P. Oksiyuk, A.I. Ivanov, Yu.M. Karpezo, and V.M. Timchenko: Relationship between Phytoplankton Abundance and Biomass and Amount of Suspended Matter in the Danube 37
V.D. Romanenko, N.I. Kotsar, Yu.G. Krot, and Ye.M. Shmatko: Cultivation of Hydrobionts in Regulated Systems: A Promising Area of Experimental Hydrobiology 44
L.A. Sirenko: Current Problems of Photobiotechnology 57
M.I. Kuz'menko: Radioecological Investigations of Ukrainian Wasters 63
V.M. Timchenko and B.I. Novikov: Hydrologic Investigation of Aquatic Ecosystems of the Ukraine 76
Yu.Ye. Permitin: Distribution of Antarctic Benthic Fishes 88

Number 4

S.A. Karpov: Analysis of the Orders Phalansteriida, Spongomonadida, and Thaumatomonadida (Mastigophora) 1
A.R. Aliyev: New Species in the Ciliate Genus *Zosterodasys* (Synhymeniida) from Waters of Azerbaijan 10
A.V. Gebruk: Revision of Pelagothuriidae (Holothurioidea, Elasipoda) with a Review of Swimming Holothurians. 2. Review of Swimming Holothurians and Their Origin 21
I.S. Roginskaya: Albino *Aeolidia papillosa* (Gastropoda, Nudibranchia) Found in the White Sea Intertidal Zone 29
G.M. Kamenev: A New Species of *Macoma* (Bivalvia, Tellinidae) from Kraternaya Bay (Yankicha Island, Kuril' Islands) 32
Ya.I. Starobogatov and L.A. Prozorova: Species Composition of the Family Bulinidae (Gastropoda, Pulmonata) in Soviet Waters (with notes on the taxonomy of the subfamily Camptoceratinae) 38
S.I. Temirova: Population Dynamics of *Daphnia galeata* (Crustacea, Cladocera) in Simferopol Reservoir 49
G.A. Kolbasov: *Acasta tabchniki* sp. n. (Cirripedia, Thoracica) from the South China Sea 55
A.F. Yemel'yanov: New Species of *Bashgultala* (Homoptera, Kinnaridae) from Tadzhikistan 58
V.N. Yefremenko: Ichthyoplankton Investigations in the Western Antarctic .. 61
A.N. Kozlov and M.I. Tarverdiyeva: Role of Trophic Investigations in Studying the Factors Governing Productivity of Common Species of Antarctic Fishes 69
Yu.V. Konchina: Structure of the Trophic System of the Peruvian Upwelling ... 77

C.C. Emig and A.N. Golikov: On the Phoronids of the Far Eastern Seas of the USSR and Their Distribution in the Pacific Ocean
E.A. Streletskaya: *Cyclops* (Cyclopidae) of the *scutifer* Group and New Species from the Northeast of USSR 99

Number 5

L.V. Polishchuk: Incorporating Production into Population Analysis: A New Method of Evaluating the Mortality Rates of Juveniles and Adults Based on the Production of a Population 1
A.A. Protasov and S.A. Afanas'yev: Principal Types of *Dreissena* Communities in Periphyton 15
N.Ye. Koval'chuk: Microzoobenthos and Near-Bottom Zooplankton of the Dniester Reservoir during Its Development 24
V.N. Zhukinskiy, O.K. Oksiyuk, and G.A. Zhdanova: Comparative Ecological and Public-Health Description of Water Quality in the Soviet Section of the Danube as Indicated by Ecosystem Classifications 31
Ye.N. Tsaplina: Accumulation of Litter in Reed and Cattail Stands in the Dnieper-Donbass Canal 35
V.M. Kudryavtsev, A.V. Tsyban', and N.V. Kovaleva: Bacterial Development in the Pelagic Zone of the Baltic Sea 42
G.Ye. Shul'man and T.V. Yuneva: Role of Docosahexaenoic Acid in Fish Adaptation—A Survey 50
V.D. Romanenko, M.A. Fomovskiy, and L.S. Kipnis: Effect of Aluminum Compounds on Hydrobionts as a Function of Their Degree of Hydrolysis at Various Water Temperatures 60
O.G. Mironov, N.A. Pisareva, T.L. Shchekaturina, and B.P. Lapin: Determination of Aromatic Hydrocarbons in Black Sea Mussels by High-Efficiency Liquid Chromatography 68
O.V. Maslova, N.A. Shebunina, and F.Ya. Komarovskiy: Accumulation and Distribution of Persistent Pesticides in Ecosystems of the Kiliya Branch of the Danube and the Dnieper-Bug Lagoon 73
M.L. Ludyanskiy, M.V. Maslov, and A.P. Pasichnyy: Effect of Temperature on Algicidal Properties of Copper Sulfate 80
N.N. Nemova and V.S. Sidorov: Effect of Certain Toxic Agents on Lysosomal Proteases of Freshwater Fishes 84
I.V. Dan'kov, Ye.N. Volkova, and Z.O. Shirokaya: Concentration of Uranium Fission Products in Aquatic Plants of the Dnieper Reservoirs 90
V.M. Timchenko: The Water-Renewal Coefficient as an Ecological and Hydrologic Characteristic of Floodplain Lakes of the Dnieper Estuary 103
A.A. Leshchinskaya and P.N. Linnik: Stability of Hexavalent Chromium in Inland Surface Waters 111
S.N. Druzhinin, V.V. Nosova, and V.S. Savenko: Nutrients in the Surface Microlayer of the Caspian Sea 118
O.A. Davydov and V.N. Samoylenko: Variation in Components of the Diurnal Oxygen Balance in the Dnieper Delta Region 122
N.V. Vekhov: Anostraca and Notostraca of Ephemeral Pools of the Black Sea Preserve 127

Number 6

M.B. Ivanova: Zooplankton of Highly Saline Lakes 1
Ye.N. Kostrichkina, A.K. Yurkovskiy, R.Ya. Line, and V. Berzin'sh: Multi-year Changes in Zooplankton as Related to Eutrophication of the Gulf of Riga 10
A.G. Benzhitskiy and A.P. Gordiyenko: Temporal Variations in Microplankton ATP in the Mediterranean Sea and the Indian and Atlantic Oceans.. 18
A.S. Povchun: Changes in Bottom Communities of Karkinit Bay, Black Sea, over 50 Years 22
R. Kolman, M. Granops, and G. Kolman: Effectiveness of Water Purification with a Diatomite Biological Filter in a Closed System for Trout Rearing. 33
F.P. Tkachenko and V.T. Koval': Biochemical Composition of Abundant Benthic Seaweeds of the Black Sea 39
V.D. Solomatina: Electrolyte Composition of the Tissues of Carp Acclimated to Low Dissolved Oxygen Levels 44
S.Ye. Plekhanov, I.M. Al-Salman, and M.M. Telitchenko: Bioassay of Zinc, Cadmium, and Cobalt Based on Physiological Reaction of Charophyte Algal Cells 50
Ye.Yu. Zolotukhina, Ye.Ye. Gavrilenko, and K.S. Burdin: Interactions among Metal Ions during Uptake by Marine Macroalgae 56
O.G. Mironov, T.L. Shchekaturina, N.A. Pisareva, L.R. Kopylenko, and B.P. Lapin: Background Levels of Aromatic Hydrocarbons in Black Sea Hydrobionts 63
V.K. Starovoytov: Interactions among Several Gill Parasites of Zander 67
M.I. Medvedev, Z.N. Shkavro, and L.A. Sirenko: Separation and Concentration of Alage from Effluent Purification Systems by Use of Coagulants... 70
V.I. Romanenko, I.V. Rybakova, Ye.A. Sokolova, and Lajos Veres: A Closed-Container Diffusion Technique for Determining Free Carbon Dioxide, Carbonate, and Sulfide in Water and Bottom Sediments 77
V.A. Dobrynskiy: Some Aspects of the Creation of an Automated Hydrobiological Data Base 84
O.N. Taran: Economic Evaluation of the Beneficial Role of Aquatic Macrophytes in Fisheries 89
A.G. Kasymov: Hydrobiological Description of Inshore Waters of the Caspian Sea Near Cape Sangachal 95
A.M. Pavlov and I.M. Zubina: Relationship of Weight to Body Dimensions in Dragonfly Larvae 99
M.S. Galina: Ecological and Biochemical Characteristics of the Hemolymph of the Mussel *Mytilus galloprovincialis* from Two Locations on the Coast of the Northwestern Black Sea 104
A.V. Osolinsh: Distribution of Polychaeta on Soft Substrates of the Far East Marine Reserve (Sea of Japan): Structural Analysis 108
Contents for 1990 121
